## OUR MISSION

To improve the quality of life and provide inspiration and opportunity for people who are blind or visually impaired through employment, outreach, rehabilitation, education and research.

## 100% of donations

directly fund crucial services and programs that empower people who are blind or visually impaired to maintain independence and build prosperity. Whether through time or money, everything makes a difference.

## MEET CHARLOTTE

Charlotte was born with a rare genetic anomaly, which caused blindness in one eye and lymphedema in her feet. She was on the wait list at three daycare centers but she needed to be walking at her age and they wouldn't make an exception. Charlotte's mom visited with Envision and three weeks later Charlotte started at the Envision Child Development Center. Within a few weeks, Charlotte was not only walking but thriving!

## QUICK STATS

### EVRC

The **Wichita Vision Rehabilitation Center** expanded its service radius and impact, reaching more individuals across Kansas. Over 8,500 miles were traveled, 73 new people were impacted, and 32 outreach initiatives were completed in 2023.

### EMPLOYMENT

Envision employs over 252 people who are blind or visually impaired, creating meaningful work with accessible and uplifting environments.

### PROGRAMS

Over the summer, we hosted the **Level Up Conference** with 50 students from across the nation and hosted our annual **Heather's Camp** with 43 campers from around the US. A total of 93 students were empowered with inclusive experiences, showing there are no limitations to what they can accomplish.
